To: Mr Nino Calogero  
Delegate COSTAMED for MENA and Mediterranean area  
Project Manager: Mosaic of Peace.  
Accra 1 February 2019

Dear Mr. Calogero,

With this letter we confirm that our Association CIPDH, through the African Department present in Ghana for many years (<http://cipdh.fr/le-departement-afrique/>), is happy to collaborate for the success of the project "Mosaic of Peace" proposed by you for the development of the platform of peace and security in the Mediterranean. The objective of helping refugees and working together for a better management of migration flows, is also pursued by us and for this reason we have a very strong presence in Africa. In particular in Ghana we are accredited to the royal family in Kumasi and our vice president is Dr Richard Ofori Atta, among other things organizer with his company E ON 3 Group of the Forum Investment WOMEG 2019 (World Meets in Ghana), within which we can present the project Mosaic of Peace.

It could be a good opportunity to establish a social-humanitarian collaboration for the development of relations between the countries that will be part of the Mosaic.

Best Regards,

Vitaly Ginsburg  
Head of CIPDH African Department

Richard Ofori-Atta  
Deputy Head of CIPDH African Department
